

Information for New/Updated Church Membership Directory

The Membership Directory for Trinity Lutheran Church has become outdated due to changes in the families who attend our church, changes in committee members, deaths and births, and changing ages of children, etc. Our new directory will be in a loose-leaf binder format that will be easy to add or swap out pages on a yearly basis, it will be printed in house facilitating changes and the ability to provide the directory to new members as they join Trinity.

In addition to pages about our church staff, committees, interest groups, and church activities, there will be individual pages for each family or single person (for members and non-member frequent attendees), and which can include a family or individual photo. The pages will have options to list contact information, as well as information about each person's interests, hobbies, occupation, and skills, etc. making it easier for us to get to know each other.

Please fill out the following, however if you do not want to provide some of the information due to privacy concerns, feel free to leave those items blank. Questions?—Please call Sue Schallberger at **503-860-8697**.
